

Weidan Ji

CURRICULUM VITAE

jiweidan@sjtu.edu.cn

Research Interest

My research interest is theory and practice of lattice-based cryptography, including but not limited to: (public-key, identity-based, attribute-based) encryption, (digital, group, ring, blind, threshold) signature, and key exchange protocol.

Experience

Research Internship

Virtual

- CISA Helmholtz Center for Information Security
- Host: [Doreen Riepel](#)

06/2025 - present

Research Visit

Saarbrücken, Germany

- CISA Helmholtz Center for Information Security
- Host: [Doreen Riepel](#)

06/2025

Research Internship

Virtual

- CNRS, ECO group at LIRMM
- Host: [Katharina Boudgoust](#)

09/2024 - 02/2025

Education

DR. in COMPUTER SCIENCE

Shanghai, China

Shanghai Jiao Tong University

09/2021 - 06/2026

- Advisor: Dawu Gu, Zhedong Wang
- Thesis: "Towards Secure and Efficient Lattice-Based Identity-Based Encryption in the Standard Model"

B.SC. in SOFTWARE ENGINEERING & LAW

Shandong, China

Shandong University

09/2017 - 06/2021

Publications

3. Weidan Ji, Zhedong Wang, Lin Lyu, Dawu Gu. Revisiting Adaptively Secure IBE from Lattices with Smaller Modulus: A Conceptually Simple Framework with Low Overhead. [\[Eprint\]](#) [\[Slide\]](#)
ASIACRYPT 2025
2. Weidan Ji, Zhedong Wang, Lin Lyu, Dawu Gu. Adaptively Secure IBE from Lattices with Asymptotically Better Efficiency. [\[Eprint\]](#) [\[Slide\]](#) [\[Video\]](#)
PKC 2025
1. Weidan Ji, Zhedong Wang, Haoxiang Jin, Qi Wang, Geng Wang, Dawu Gu. Identity-Based Encryption from Lattices with More Compactness in the Standard Model. [\[Eprint\]](#)
SAC 2024

Honor & Scholarship

- | | |
|---|------------------|
| Outstanding Graduate of Shanghai Jiao Tong University and Shandong University | 05/2026, 05/2021 |
| First-Class Cybersecurity Scholarship of Shanghai Jiao Tong University, ¥10k | 12/2025 |
| National Scholarship for Undergraduate Students, ¥8k | 12/2019 |
